Objective

To obtain a full-stack developer role where I can leverage my skills in Java, Spring Boot, and frontend technologies to develop end-to-end web applications while continuing to grow in a collaborative environment.

EDUCATION

Acharya Nagarjuna University   Guntur, India

Master of Computer Applications - Computer Science and Engineering; 78.0   *Oct. 2023 – Apr. 2025*

PROGRAMMING SKILLS

- **Languages**: Java , Python , Data Structures and Algorithms (DSA)

- **Frontend Technologies**: HTML , CSS , React , Redux Toolkit

- **Database**: SQL

PROJECTS

- **Authentication System** : Manages user details in database, provides authentication to users when logged in and provides json web token. Sends welcome email when user registers. Built fontend with **Reactjs**, Backend with **Springboot** and **mysql** for database.
- **Daily expenses calculator** : It calculates the average of daily expenses. Built using **Reactjs**.
- **Hangman Game** : Developed hangman game using Python and Django.
- **Rock Paper Scissors Game** : Developed a rock-paper-scissors game using Python and Django can be played with the computer and displays the result of winning .
- **Contact Book :** Developed a contact book application which stores the name, number and email. Searches whether the name or number or email already exists in the list.

ACHIEVEMENTS

- Won the **2nd place** in university coding competition 2023.
- Got **Merit Student award** in SSC.
- **Letter of Recommendation** from CodeAlpha technologies during three months internship.
- Solved **700+ problems** on CodeChef coding platform.

CERTIFICATIONS

- Python course completion certificate from ThopsTech, Banglore.
- SQL course completion certificate from ThopsTech, Banglore.
- Completed a course on "Artificial Intelligence" in MSsquare technologies.
- Attended three weeks of workshop on "Full Stack development" by Besant technologies, Banglore.
- Python foundation certified by Infosys Springboard.

INTERNSHIPS

- Three month internship at CodeAlpha Technologies on python.
- One month internship at CodeSoft on python.
